The following information is a quick overview of the policies of the Keystone Cemetery. These interment policies and guidelines are described in greater detail in the Keystone Cemetery By-Laws, available at the cemetery office

INTERMENTS

A. Residents: Interments shall be limited to persons who are residents of the district, persons who are former residents, persons who pay property taxes on property within the district, persons who formerly paid taxes within the district, eligible nonresidents of the district and persons who are family members as defined in Section 9060 of The Health & Safety Code, which consist of the following: Spouse; Child, Stepchild or Adopted Child; Parent; Brother or Sister, or any person denoted by the prefix "Grand" or "Great" in their relation to the person in question or the spouse of any of these persons.

B. Non-residents: One should review the Keystone Cemetery By-Laws for an in-depth explanation of who is an eligible non-resident.

CREMATIONS

Only cremated remains, known as cremains, are allowed in the cremation lot at the front area of the cemetery. Two burials are allowed per site. If space is available, cremains may also be placed above an occupied full-sized plot. Two cremains may be placed on top of a full-sized burial. If a full-sized plot is unoccupied, a maximum of four cremains may be buried on a full-sized plot. Each cremains burial must be covered with

enough earth so that the top of the urn or other container is at least 2 feet underground.

FORMS AND CHARGES FOR SERVICES

No interment or other services shall be rendered until a Permit of Disposition is received by the cemetery, and all charges for burial rights, services and endowment fees have been paid in full. A receipt and Burial Rights Certificate will be issued to each buyer at the time of payment in full for all charges.

DIGGING OF BURIAL PLOT

It is not the responsibility of the Keystone Cemetery to provide excavators, lifts, or services for digging of a burial space or vault. Names and phone numbers of possible local contractors with the required insurance and digging equipment may be obtained from the cemetery office or your Funeral Director.

FLOWERS AND DECORATIVE ITEMS:

The Keystone Cemetery District has the authority to remove floral designs, flowers, or personal mementos when, in the judgment of the cemetery staff, they become unsightly, dangerous, detrimental, or impede the progress of normal cemetery operations. Staff reserves the right to remove holiday specific decoration 30 days following the holiday.

Jars and glass containers may not be used or left graveside due to breakage that can cause injury to the public and employees. Decorative items such as flags, wind chimes, stuffed animals, etc. can be used provided they do not interfere with property maintenance.

Boarders and larger scale decorations must be approved in writing by Keystone staff or trustees before installing. Items not acceptable will be removed by Keystone Cemetery District staff. Plans for planting of permanent foliage and trees, or altering of the grounds in any manner other than by cemetery personnel must be submitted in writing to cemetery staff or trustees for prior approval.

The private use of herbicides, pesticides, and fertilizers is a violation of state law and is prohibited.

GENERAL DECORUM:

No balloon release celebrations shall take part on Keystone Cemetery property. The use of alcohol and the leaving of any alcohol container is prohibited.
